

Sewer Tap

Village of Swanton sewer tap fee is \$1,450 (incorporated) and \$2,250 (unincorporated). This fee is comprised of two parts:

1. Permit and inspection fee
 - a. \$650
2. Infiltration and inflow (I&I) capital expansion charge
 - a. \$800 incorporated
 - b. \$1,600 unincorporated

Codified Ordinance Section 51.115 states that the applicant for the building sewer (sewer from building to main line) shall notify the Village Administrator when it is time to connect the building sewer to the main line. The connection shall be made under the supervision of the Public Service Supervisor (inspection fee).

§ 51.115 APPLICANT TO NOTIFY WHEN WORK READY FOR INSPECTION AND CONNECTION.

The applicant for the building sewer permit shall notify the Village Administrator when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the Public Services Supervisor.

§ 51.116 CLASSES OF PERMITS; APPLICATION AND FEE.

(A) There shall be two classes of building sewer permits as follows:

- (1) For residential and commercial use; and
- (2) For service to establishments producing industrial wastes.

(B) In either case, the owner or his or her agent shall make application on a special form furnished by the village. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the Village Administrator. A permit and inspection fee of \$650 shall be paid to the Fiscal Officer at the time the application is filed.

§ 51.118 INSPECTION OF NEW LATERALS.

The building sewer lateral and its connection into the main sanitary sewer shall be left exposed for inspection and approval of the Public Services Supervisor or his or her duly authorized agent. Upon approval, the Public Services Supervisor will authorize the placing of backfill over the connection and pipe at which time the building sewer lateral may be used for its intended purpose.

§ 51.158 DEBT SERVICE CHARGES; WASTES OF NORMAL CONCENTRATION.

(D) In addition to the charges set forth in division (A) above, an infiltration and inflow (I&I) capital expansion charge shall be made for each tap into the sanitary sewerage system. This portion of the capital expansion charge shall be \$2 for each gallon per day (gpd) entering the sewerage system from within the village and \$4 for each gallon per day entering the sewerage system from outside the village. The flow used in the calculation of this charge shall be determined by using one of the methods described in division (D)(1), (D)(2) or (D)(3) below.

(2) If all of the facilities tributary to a tap are residential, this charge shall be based on a flow of 400 gpd per dwelling unit (\$800 inside the village per home; \$1,600 outside the village per home.)

Water Tap

Village of Swanton water tap fee is \$1,000 (incorporated) and \$2,500 (unincorporated). The Village will install the tap, the curb box and service line between the two. However if the service line is greater than one inch, all excess costs will be paid by the owner.

§ 52.06 NEW CONNECTION.

For any new connection to the village water system inside the corporation limits of the village, a tap-in charge of \$1,000 will be assessed. For any approved new connection, as provided in § 52.08, to the village water system outside the corporation limits of the village, a tap-in charge of \$2,500 will be assessed. The village will, after payment of this fee, install the tap, the curb box and service line between the two, provided, however, if a service line greater than one inch in diameter is required, all excess costs will be paid by the owner.
