New traffic signage near Swanton Elementary School

SWANTON, OH- Due to the increased traffic flow to Swanton Elementary School (SES), the Village of Swanton recently passed legislation to change the traffic pattern near SES during drop off and pick up times. With this new traffic pattern comes new signage.

New traffic pattern: Crestwood Drive is a temporary one way street in a northerly direction between Church Street and Parkside between the hours of 8:00 A.M. to 9:00 A.M., and 3:00 P.M. to 4:00 P.M. on days Swanton Elementary School is in session. The only vehicles able to turn north onto Crestwood Avenue from Church Street are Swanton Local School buses. Please also be advised there will be a "Do Not Enter" sign at the southeast corner of Parkside and Crestwood.

Swanton Local Schools also advise parking is prohibited in the visitor parking spots at SES during drop off and pick up.

We ask everyone's patience and cooperation during this transition.

New signage:
