SWANTON, OH- Project 7 Sewer Separation construction update as of Wednesday afternoon, August 22.

The underground work on Church Street, from Crestwood to Hallett, is near completion. The contractor expects to be complete by the end of the work day on August 22. The road will remain stone until the completion of Project 7, which is expected in October, when paving will occur.

The next phase of the underground work will commence at the ditch near the Public Service Division and work north towards East Garfield. Once it crosses East Garfield the work will head north on Harrison Avenue. Contractor is expected to begin this work on August 23. All work is weather contingent.

The Village of Swanton will release future updates to notify the community on project status. Again, the Village of Swanton appreciates your patience and understanding as we work to make the Village of Swanton a great place to live, work and play.
