Municipal Building Now Distribution Site for COVID-19 Antigen At Home Test Kit

SWANTON, OH- Beginning on April 26, 2021 the Village of Swanton Municipal Building, in coordination with the Fulton County Health Department, will be a distribution site for a very limited amount of the Abbott BinaxNOW Rapid COVID-19 Antigen At-Home Test Kit. The Village of Swanton is not affiliated with the test and will not administer the test, the Municipal Building will solely be a distribution site for community members to pick up a test if needed.

In order to use the test, one must have a smartphone/tablet and download a specific app to use on said device. Once an account is created on said app, the test will be taken in conjunction with an eMed proctor. The test kits should NOT be opened prior to the eMed proctor advising as such. All those who receive a test kit will receive detailed instructions on said use.

If there are any questions on the test kit itself, please reach out to the Fulton County Health Department.

These test kits are best suited if an individual exhibits symptoms of COVID-19. If you would like to pick up one of these tests, please call 419.826.9515 or email admin@villageofswantonohio.us to schedule a pick up time. Pick up times will be Monday-Fridays between 8:00a.m.- 3:00p.m.
