Road Construction in Project 8 & 9 Sewer Separation Scope Area

SWANTON, OH- The contractor for Project 8 & 9 Sewer Separation notified the Village of Swanton of their intent to begin work three weeks early, tentatively on March 28, weather contingent.

Road work will take place in four (4) phases and span until summer 2022. Complete details and updates on timelines will be posted on the Village's website throughout the remainder of the project.

Phase 1 will center on W. Garfield, between Browning and Munson. The work will include roadway excavation, installation of stone base and concrete curbs. During this phase there will be no parking permitted on W. Garfield, between Browning and Munson. W. Garfield will be one way traffic, westbound from Elton's Parkway to Browning and closed from Browning to Munson; W. Garfield will remain two way between Elton's Parkway and Main Street.
